

environmental health a paradox pdf

Since 1960 we have experienced the great American paradox: While material affluence and human rights have surged, national civic health was, until recently, falling.

The American Paradox: Spiritual Hunger in an Age of Plenty

The 2005 World Summit on Social Development identified sustainable development goals, such as economic development, social development and environmental protection. This view has been expressed as an illustration using three overlapping ellipses indicating that the three pillars of sustainability are not mutually exclusive and can be mutually reinforcing.
