The social construction of gender is a notion in feminism and sociology about the operation of gender and gender differences in societies. According to this view, society and culture create gender roles, and these roles are prescribed as ideal or appropriate behavior for a person of that specific sex.. Some supporters of this idea argue that the differences in behavior between men and women ...

In sociology and gender studies, "doing gender" is the idea that in Western culture, gender, rather than being an innate quality of individuals, is a psychologically ingrained social construct that actively surfaces in everyday human interaction. This term was used by Candace West and Don Zimmerman in their article "Doing Gender", published in 1987 in *Gender and Society*.

I keep getting this question over and over, "What books do you recommend for professional women?" Well, here you go! I LOVE reading career and entrepreneurship books and these are my absolute favorites! These are all must read books in my opinion. First, I put together a little PDF of the ...

10 Must Read Books For Every Professional Woman

In this eye-opening account, Cal Newport debunks the long-held belief that "follow your passion" is good advice. Not only is the cliché flawed - preexisting passions are rare and have little to do with how most people end up loving their work - but it can also be dangerous, leading to anxiety and chronic job hopping.
