Responsibilities. The IPO also has direct administrative responsibility for examining and issuing or rejecting patents, and maintaining registers of intellectual property including patents, designs and trade marks in the UK. As in most countries, there is no statutory register of copyright such that there is no direct administration required in copyright matters by the IPO.

Introduction. The International Protection Act 2015, which came into effect on 31 December 2016, provides for a single application procedure for international protection. It replaces the earlier system, under which several applications could have been made. Under the Act, a person who qualifies for international protection is “a person who is either”

### **Citizens Information**

Introduction. The Dublin III Regulation provides a mechanism for determining which country is responsible for examining an application for international protection that has been lodged in one of the member states by a third country national or a stateless person. The Dublin III Regulation applies to the 28 EU member states, Iceland, Norway, Liechtenstein and Switzerland.

The unemployment rate ended 2018 at just under 4%, substantially lower than most estimates of the natural rate. Could such an ostensibly tight labor market lead to a sharp pickup in wage growth from its recent moderate pace, such that the relationship between wage growth and unemployment is not always linear?

Market efficiency survives the challenge from the literature on long-term return anomalies. Consistent with the market efficiency hypothesis that the anomalies are chance results, apparent overreaction to information is about as common as underreaction, and post-event continuation of pre-event abnormal returns is about as frequent as post-event reversal.
