Many fans and the press interpret the song as referring to a psychedelic experience due to lines such as "purple haze all in my brain" and "scuse me while I kiss the sky". However, Hendrix and those closest to him never discussed any connection between psychedelic drugs and the song, although Shapiro admits that, at the time, to do so would have been "professional suicide".

In psychology and logic, rationalization or rationalisation (also known as making excuses) is a defense mechanism in which controversial behaviors or feelings are justified and explained in a seemingly rational or logical manner to avoid the true explanation, and are made consciously tolerableâ€™or even admirable and superiorâ€™by plausible means. It is also an informal fallacy of reasoning.

Where Am I? by DANIEL C. DENNETT. Now that I've won my suit under the Freedom of Information Act, I am at liberty to reveal for the first time a curious episode in my life that may be of interest not only to those engaged in research in the philosophy of mind, artificial intelligence, and neuroscience but also to the general public.

One of the biggest (and most obvious) ways to get away with using a doctor's note template to use it sparingly. It's like how you can sometimes get out of going to a date night by claiming you have a migraine, but if you use that excuse too often pretty soon your significant other is going to suspect your honesty.
