

field notes from the pdf

When conducting field research, keeping an ethnographic record is essential to the process. Field notes are a key part of the ethnographic record. The process of field notes begin as the researcher participates in local scenes and experiences in order to make observations that will later be written up.

Field research - Wikipedia

Fieldnotes refer to qualitative notes recorded by scientists or researchers in the course of field research, during or after their observation of a specific phenomenon they are studying. The notes are intended to be read as evidence that gives meaning and aids in the understanding of the phenomenon. ... This science article is a stub. You can help Wikipedia by expanding it

Fieldnotes - Wikipedia

These notes give a concise exposition of the theory of fields, including the Galois theory of finite and infinite extensions and the theory of transcendental extensions.
