SME finance is the funding of small and medium-sized enterprises, and represents a major function of the general business finance market in which capital for different types of firms are supplied, acquired, and costed or priced. Capital is supplied through the business finance market in the form of bank loans and overdrafts; leasing and hire-purchase arrangements; equity/corporate bond ...

SME finance - Wikipedia

In the United States, commercial finance is the function of offering loans to businesses. Commercial financing is generally offered by a bank or other commercial lender. Most commercial banks offer commercial financing, and the loans are either secured by business assets or alternatively can be unsecured, where the lender relies on the cash flows of the business to repay the facility.
