

language policy hidden agendas pdf

Many countries have a language policy designed to favor or discourage the use of a particular language or set of languages. Although nations historically have used language policies most often to promote one official language at the expense of others, many countries now have policies designed to protect and promote regional and ethnic languages whose viability is threatened.

Language policy - Wikipedia

Loaded language (also known as loaded terms, emotive language, high-inference language and language-persuasive techniques) is rhetoric used to influence an audience by using words and phrases with strong connotations associated with them in order to invoke an emotional response and/or exploit stereotypes.. Loaded words and phrases have significant emotional implications and involve strongly ...
