Seven Steps for Effective Leadership Development

This book features effective strategies and clever techniques to help you improve your leadership and management skills. It points out that you must be a leader that people follow, keep informed, make timely decisions and take effective action.

Improve Your Leadership and Management Skills PDF Download

Leadership is both a research area and a practical skill encompassing the ability of an individual or organization to "lead" or guide other individuals, teams, or entire organizations. [citation needed] Specialist literature debates various viewpoints, contrasting Eastern and Western approaches to leadership, and also (within the West) United States versus European approaches.

Leadership versus Management: A Key Distinction At Least

Management (or managing) is the administration of an organization, whether it is a business, a not-for-profit organization, or government body. Management includes the activities of setting the strategy of an organization and coordinating the efforts of its employees (or of volunteers) to accomplish its objectives through the application of available resources, such as financial, natural ...
