birth behind the veil dissertation.pdf - Birth Behind the

Currently midwives attend only 7% of births, compared to 50-75% of births in other developed countries. Given the escalating costs of health care and relatively poor maternal and child health indicators in comparison with other developed countries, these findings are disturbing.

Piercing the veil: The marginalization of midwives in the

Piercing the veil: The marginalization of midwives in the United States Stefãže Goodman! Department of Ob Gyn, Division of Reproductive Science, School of Medicine, University of Colorado at Denver and Health Sciences Center, PO Box 6511, Campus Box 8309, 80045 Aurora, CO, USA Available online 1 May 2007 Abstract

Piercing the veil: The marginalization of midwives in the

The history of midwifery in the US is a unique case when compared to other countries in that the profession of medicine [in the US] successfully exiled midwifery from mainstream medicine in the early 1900s. In large part, the marginalization of midwives is one casualty of the professionalization of medicine.
