detail, and wrote The Psychology of Management" the first detailed application of psychological concepts to management. [T]he emphasis in successful management lies on the man, not on the work; that efficiency is best secured by placing the emphasis on the man, and modifying the equipment, materials and methods to make the most of the man.9

### **Management Theorists: Thinkers for the 21st century**

Leadership Management: Principles, Models and Theories 311 1.6 Situation All situations are different. What you do in one situation will not always work in another. You must use your judgment to decide the best course of action and the leadership style needed for each situation. For example, you may need to confront
