Certification to management system standards is not a requirement. You can benefit from implementing these standards without being certified to them. However, if you are looking to get certified to one or more of our management system standards, then you need to get in touch with an external certification body.

By the most recent estimates, 30.3 million people in the U.S. have diabetes. An estimated 23.1 million have been diagnosed with diabetes and 7.2 million are believed to be living with undiagnosed diabetes. At the same time, 84.1 million people are at increased risk for type 2 diabetes. Thus, more than 114 million Americans are at risk for developing the devastating complications of diabetes (1).
