Accounting ethics is primarily a field of applied ethics and is part of business ethics and human ethics, the study of moral values and judgments as they apply to accountancy. It is an example of professional ethics. Accounting introduced by Luca Pacioli, and later expanded by government groups, professional organizations, and independent companies. Ethics are taught in accounting courses at ...

In the wake of the financial crisis, economic policy-making has been predominantly monetary rather than fiscal. Unorthodox countercyclical policies such as quantitative easing “ large-scale purchases of government bonds by central banks “ have evolved into enduring features of economic policy frameworks.
