Deaths in the first month of life, which are mostly preventable, represent 46 per cent of total deaths among children under five. As mortality among children under five declines globally, deaths among these children are more and more concentrated in the first days of life. This makes focus on newborn care more critical than ever before. In 2016, an estimated 2.6 million children died in their ...

An infant (from the Latin word *infans*, meaning "unable to speak" or "speechless") is the more formal or specialised synonym for "baby", the very young offspring of a human. The term may also be used to refer to juveniles of other organisms. A newborn is, in colloquial use, an infant who is only hours, days, or up to one month old. In medical contexts, newborn or neonate (from Latin, *neonatus* ...
