Eurasia Journal of Mathematics, Science and Technology

Science, Technology, Engineering and Mathematics (STEM), previously Science, Math, Engineering and Technology (SMET), is a term used to group together these academic disciplines. This term is typically used when addressing education policy and curriculum choices in schools to improve competitiveness in science and technology development. It has implications for workforce development, national ...

Science, technology, engineering, and mathematics - Wikipedia

Welcome. Mathematics is an amazing and beautiful intellectual creation, one of the human race's deepest endeavors. The world around us, and the future world we are creating, is woven through with mathematics â€” from the symmetry groups of Navajo weavings, to the airflow around a flapping birdâ€™s wing, to the security of global computer networks.
